

PYRO-SAFE® B BX 3200

Pad Seal

Description

Reusable pad seals made of non-combustible glass fabric with mineral content. For transport and storage of cells and battery systems, these pads can be placed at critical points for thermal insulation or as additional shock protection. Different volumes can be optimally covered and filled thanks to the different sizes available.

Application Areas

- Storage & transport
- Module & system level
- On request

Delivery and Packaging

PYRO-SAFE® B BX 3200			
Packaging	Box		
Size	Size 0	Size 1	Size 2
		(150 x 200 x 40 mm)	(300 x 200 x 40 mm)
Number of pieces	125 pc.	80 pc.	35 pc.
Article number	on request
