

# PYRO-SAFE® B FX 1200

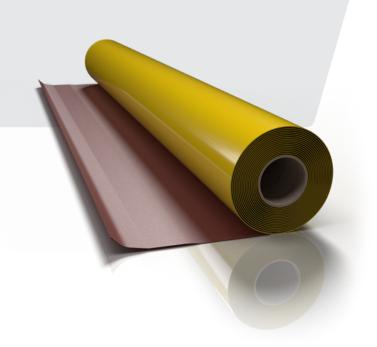

#### Self-Adhesive Fire Protection Fabric

### Description

PYRO-SAFE® B FX 1200 is a composite building material made of glass filament fabric with an intumescent dispersion-based coating on the inside. The product is flexible and the coating develops a thermally insulating layer of foam when exposed to fire. The foam then fills the gaps between the building component and the fabric, thus limiting fire propagation.

### **Application Areas**

- · Module & system level
- Storage & transport
- On request

## Delivery and Packaging

| PYRO-SAFE® B   | FX 1200                 |          |  |
|----------------|-------------------------|----------|--|
| Packaging      | Roll of<br>1.4 m × 20 m |          |  |
| Thickness      | 0.7 mm                  | 1.5 mm   |  |
| Article Number |                         |          |  |
|                | 31263000                | 31266000 |  |

## PYRO-SAFE® B FX 1200

#### **Technical Data**

| Colour                                | red  |                |
|---------------------------------------|--|----------------|
| Nominal thickness                     | 0.7 mm   | 1.5 mm         |
| Weight per unit area                  | 700–950 g/m²   | 1530–1930 g/m² |
| Thermal conductivity                  | 0.323-0.479 W/(m·K)  |                |
| Processing temperature                | ≥ +5 °C  |                |
| Reaction temperature                  | approx. 150 °C   |                |
| Application instructions              | The surface must be free of contamination.  The adhesive foil serves as installation aid.  When used in large-scale installations the material must be mechanically attached or clamped. |                |
| Expansion pressure / expansion factor | approx. 1.0–1.65 N/mm² (tested at 300 °C; method A) approx. 15.5–22 times (samples of 2 mm thickness tested at 550 °C for 30 min with superimposed load)                                 |                |
| Storage                               | Rolls must be protected from pressure loads. Store indoors in a dry place at < 50 °C.  |                |
|                                       | PYRO-SAFE® B FX 1200 is not a hazardous substance according to the German Ordinance on   |                |

Rolls must be protected from pressure loads. Store indoors in a dry place at < 50 °C.

PYRO-SAFE® B FX 1200 is not a hazardous substance according to the German Ordinance on Hazardous Substances (GefStoffV) and not a dangerous good according to the German Hazardous Goods Ordinance – Road (GGVS) and the European ADR.
